Pattanan Patjusanon

Game Designer

0928751069 ridchardterry@gmail.com Bangkok, TH, Thailand

Summary

I specialize in design engaging player experiences, particularly within fun-focused gameplay. With a background in art bachelor to transitioning into game design, I bring a unique, visually driven approach to my work—balancing artistic expression with functional gameplay design.
I am focus at creating systems and experiences that mechanic, dynamic and aesthetically astonishing. I also good at collaboration, effectively communicating and working alongside animation and concept art teams to ensure and reflect high-quality outcomes.
